

Dear Governors,

I am writing to you to show my appreciation for all that you have done. I've been in this since 2011. My name is Lily Humphreys and im in Mr. Jordans class (H3)

Firstly, I would like to express how much I love this school and I would like to say a really big thankyou. It has allowed me to improve on all areas in specific subjects. My strongest memory is when Mr. Jordan got us all to sit on the carpet. We ended up reading a story called 'fox and his friends' it was really funny it was like we had gone down a few years.

This school has been an honour to work at. All the staff and everyone are very understanding and friendly. As well as this all the work is fitted for you wether its hard or easy.

I must say that this school has helped me get to where I am now but the only thing that

can be improved is having more
non-school uniform.
