

## Parents Forum – 20<sup>th</sup> June 2016

### Ideas for next year

At the September teacher meetings the school will –

1. Produce a long term overview of curriculum for each year group
2. Distribute relevant information eg. Maths Booklet and Vocabulary List
3. Produce links to workshop information, to support, parents supporting children
4. Year group newsletter to go out week before each holiday

### Photographs

Braiswick – Take better photographs.

Class photographs were better but very informal.

#### Decision

Casual pose preferred - Mrs Campion to organise this.

Individual ones for Christmas – move earlier in the year – Mrs Campion to organise this.

### Swimming

Year 3 and 4 – Investigate doing sessions over a week etc rather than every week or a mixture of the two.

### Father's Day feedback

- Lunches can be flexible, ie. two siblings or more can be on the same day.
- Lesson experiences went very well. Fathers had a very positive feedback about the learning they saw.
- Parents found this a very positive experience.

### Celebrations

Congratulations to the school on how they managed the Y2 tests. No stress or anxiety to pupils or parents although sure the staff felt differently!

CATs tests were equally well managed. Congratulations to staff.

Standards Agency dropped in to inspect phonics testing in Year 1. Congratulations to school for successful visit.
