

FEEDBACK FROM FOUNDATION STAGE INFORMATION SESSION 28TH
FEBRUARY ON UNDERSTANDING THE WORLD

A great insight into what they do day to day, especially as we are told very little by our children. Very positive vibe and a lovely workshop. This is the first workshop I have attended but will definitely attend more in the future.

Thank you, very informative. Good ideas to try at home and good to find out more about what they are doing to reinforce at home. Love the photos!

Thank you for an enjoyable learning opportunity. Loving seeing all the pictures of the children learning and getting ideas to use at home.

Was great to see the ELG for this topic, helps us see what stage our children may be at and how we can help in other areas. Great workshop as always! Thanks.

Great workshop. I love being able to see what Lilly gets up to and ways I can help her at home.

First session I've been to. Great help and very informative. Thank you.

Lovely to see what they have been up to and how easy it is to incorporate learning into everyday things!

Another great workshop, giving lots of ideas of how to incorporate learning into activities at home.

Nice to find out what they are learning and also how to understand that when they are making a mess they are not, they are learning.
