

Parents' Voice Meeting 15th May 2017

Class photographs

Parents seem to be shying away from the traditional style photo with the blue backgrounds. Suggestions were for some more relaxed photos. Mrs Cain to investigate this.

NAG 50th Anniversary

On the 20th July 2017 all children will be having a party for New Ash Green's 50th Anniversary. Pupils have written letters to some famous people asking if they would like to attend.

An aerial photo of all pupils will be taken on the 23rd June 2017.

Ofsted

The report from Ofsted shows the school is 'Good'. The parents were very happy with the outcome.

Parents' meetings

In July, and again in September, parents are invited to meet their child's new class teacher. The September meeting is where the parents are informed about the curriculum for that year. It was noted that some parents may find this type of meeting challenging and may benefit from a personal meeting with the teacher.

Homework

English and maths homework is logical and parents are pleased with these.

The Learning Together list in Bramleyham is working although some parents find this type of homework challenging to manage.

Reading – some clarification needs to be made on how students choose their books. Children could buddy up and read the same book, more like guided reading.

A new homework policy is currently being written with more emphasis on Reading and timetables etc.

It was spoken about giving children email addresses for homework submission, powerpoints etc. There is a possibility for specific work to be emailed to the office email account.

Attendance Certificates

Giving children 100% attendance certificates can come across unfair on children who have illnesses.

Uniform

The school is keen to ensure all uniform is appropriate. Individual children are approached if their uniform needs altering.

Action:

- **Mrs Cain to look into class photographs being more relaxed and away from traditional photos.**
- **Mrs Norman to look in to specific work to be emailed to office email account.**
