

How to add an observation to your child's tapestry journal.

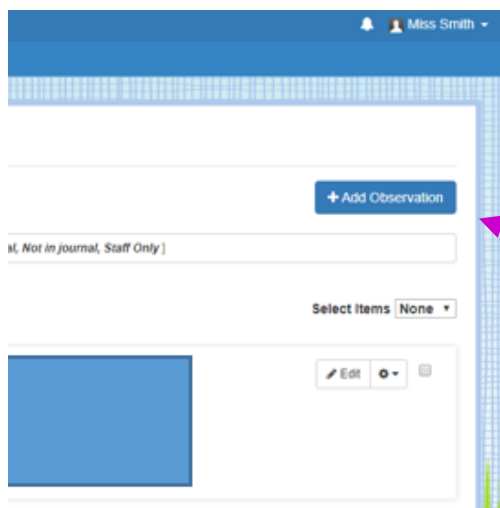

Option 1 using your laptop or computer:

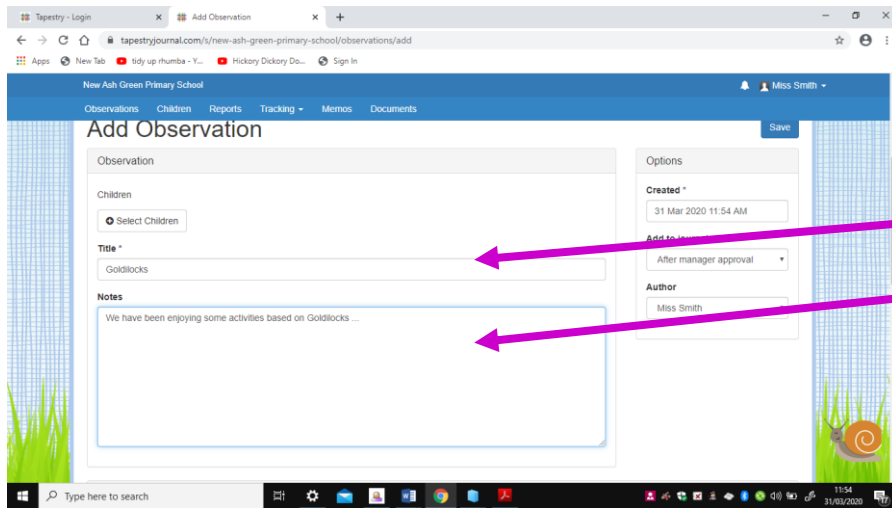

Go to www.tapestryjournal.com and enter your login details.

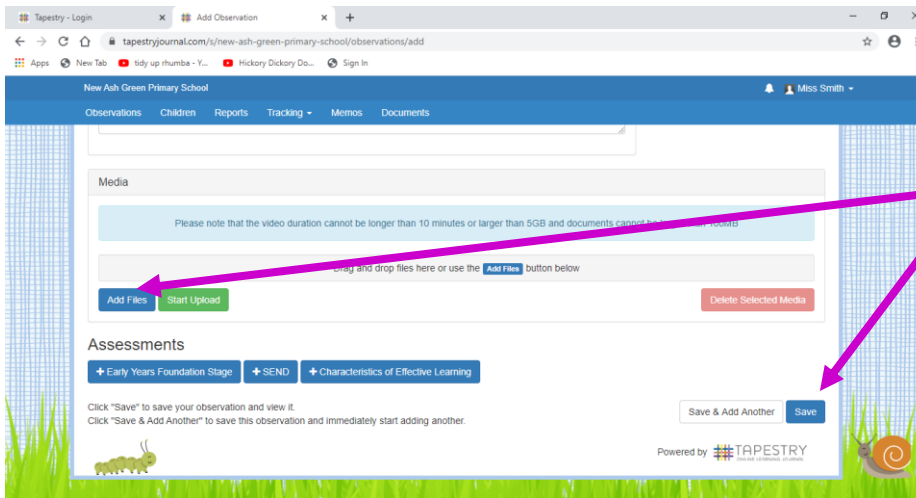

You will see a list of observations for your child (I have hidden these for GDPR reasons)

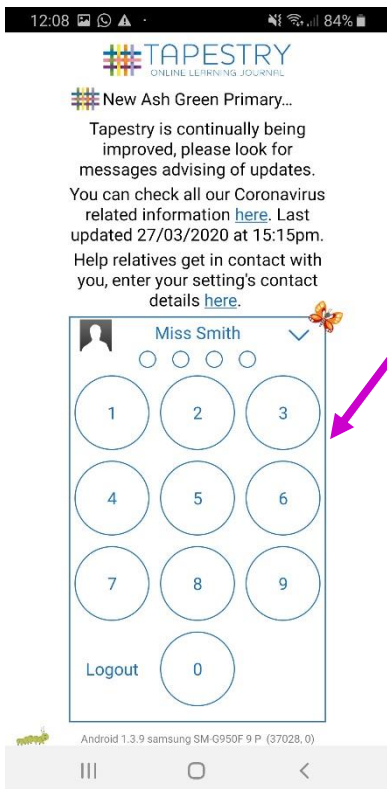

On the right hand side of the screen you will see ' + add observation' button. Click here.

Add a title and make some comments about what you have been doing.

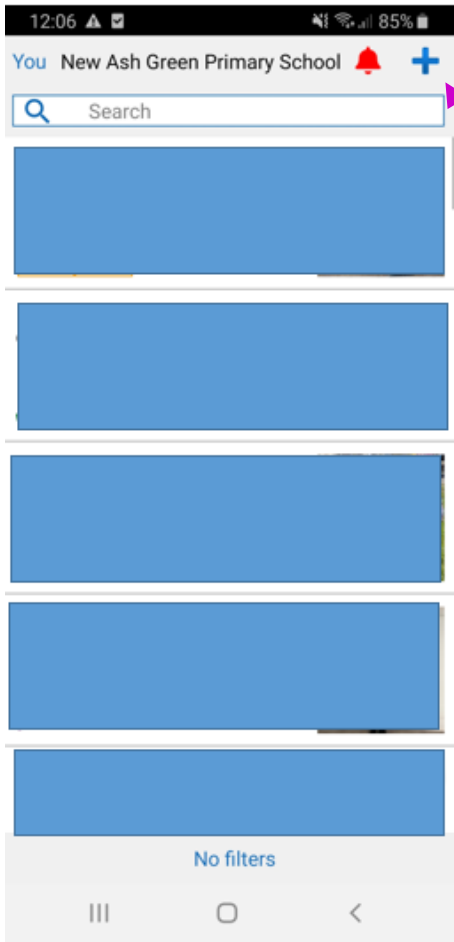

Scroll down and click add files and add your photos. Then click save.

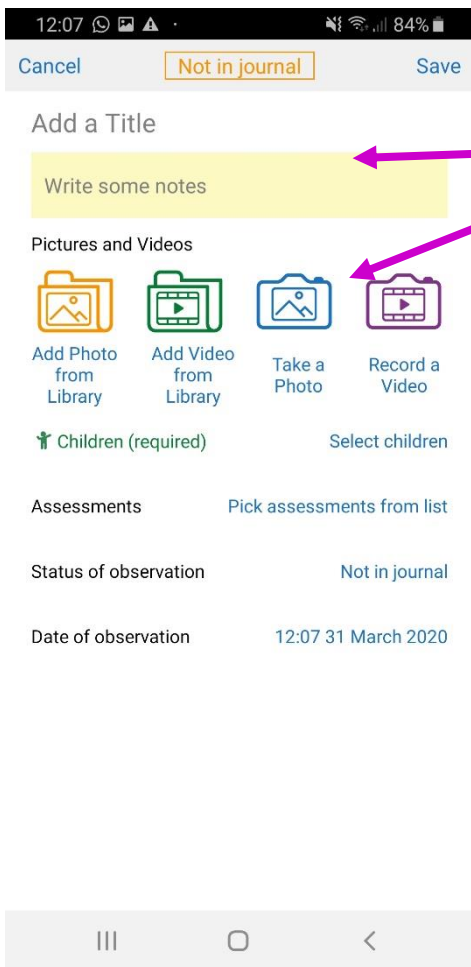

Option 2 on Tapestry Mobile app:

Login using your own 4 digit pin (or email and password if this is your first time on the app)

You will see a list of your child's recent observations (I have hidden these for GDPR reasons). Click on the + symbol on the top right hand side.

Add a title, some comments and then you can add your photos and/ or videos.

Add your child then click save
