Together Everyone Achieves More

Welcome to New Ash Green

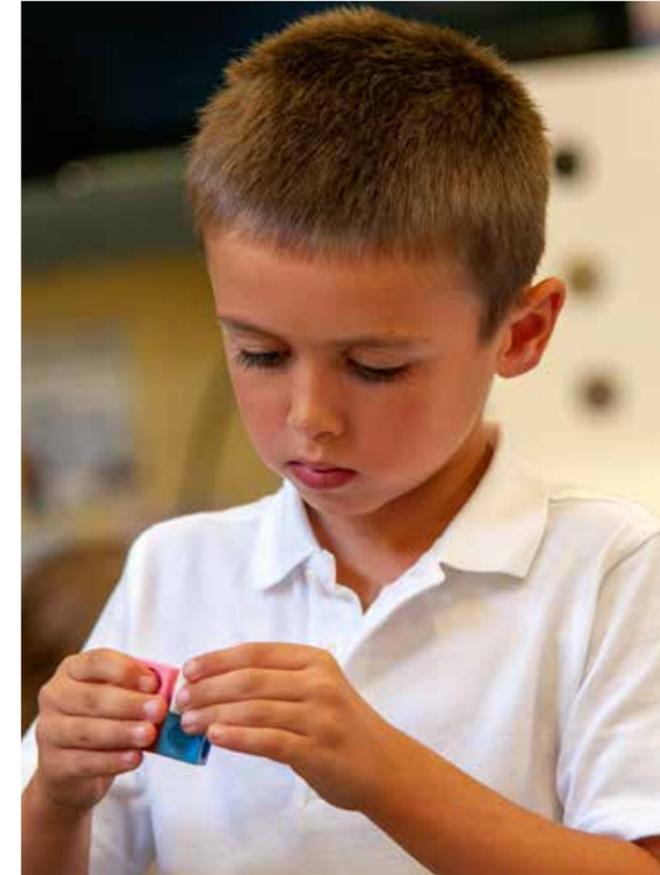

Everybody in our school would like to welcome you. We hope you will agree that New Ash Green is the right place for your child's education. We are very proud of our school, which is an attractive, safe and stimulating environment.

The staff and governors aim to provide the children with an education that is rich and exciting, and that matches all individuals' needs, through a broad curriculum and a wide range of extra-curricular activities.

We provide a caring, happy and challenging atmosphere, enabling every child to fulfil his or her potential and grow in self-confidence and respect for others and for the environment. We are committed to developing a successful partnership in education between home and school.

About the school

Our children are inspired by energetic and creative teachers.

The school is set within extensive and attractive grounds, and has excellent facilities. We enjoy the use of two halls, three playgrounds, a field, an orchard, an ICT suite, spacious classrooms, a mobile, a medical room and a library. Most of our pupils come from the village of New Ash Green itself; many from the on-site Pre-School Unit. The village is nestled in the Kent countryside, with a population of around 7,000. We are a thriving school with a good team spirit. Staff are very supportive and welcoming to new team members.

The school motto of “Together Everyone Achieves More” permeates all our work. We take every opportunity to involve parents in the education of their children, and encourage them to join our very active and successful PTA.

We hope you will wish to visit the school and look forward to welcoming you. Please contact the school office to arrange a visit, or if you would like any other information.

All round success

New Ash Green enjoys an excellent relationship with parents and carers alike and has an open-door policy which enhances this relationship.

By the end of Year 6, our children have developed independence and confidence, ready for secondary school. We work very hard with these schools to enable our children to have a smooth and happy transition.

Our facilities are a key factor to our children's success. We have large spacious classrooms, giving

our children space and comfort in their learning environment, as well as outdoor classrooms which complement our facilities. We provide great pastoral care with a variety of clubs including breakfast club, access to an after school club whose staff can collect children from our premises, as well as gardening, chess, Lego, cookery, art and many sports clubs.

At New Ash Green we aim to produce well-rounded young people who are ready to take their next steps to ongoing success.

A stunning setting

There is a sense of pride in the school.

New Ash Green's semi-rural location lends us a beautiful learning environment, which includes a recently-renovated orchard and woodland. Our school is at the heart of the community and we have excellent links with local businesses and organisations. Such a wonderful setting enables children to explore and learn about science in a peaceful and safe haven.

This popular school has excellent facilities and resources.

Our ethos

At New Ash Green we all work together in the best interests of our school community.

We are proud of our learning and our children’s achievements:

- Our pupils have a love of learning, enabling them to achieve their full potential in their journey through life.
- We thrive on enthusiasm. We provide excellent teaching, help parents to support their children, and ensure equality of opportunities to progress and succeed. Through inspirational leadership, staff and pupils are challenged to excel and achieve with confidence, in a supportive environment.
- Pupils learn in a safe and caring environment, where there is a consistent approach to high standards of behaviour and well-being.
- We value individuality, celebrate cultural differences and diversity, and work in partnership with the village community.

Our children love to learn.

Come and see for yourself

Interaction is the key to success.

We believe the best way for you to understand what makes New Ash Green such a unique school is to see it in action for yourself.

We welcome you to visit at a pre-arranged time. You will be shown around personally by the Headteacher, be able to discuss policies and the running of the school and, most importantly, hear from the children themselves why they love it here.

Please take your time to look through the prospectus. If you would like to find out more about the school, the staff and governors, the curriculum and admissions policy, or anything else, please contact the school office.

We would be delighted to welcome you to our school.
